

ICDP NORWAY

ANNUAL REPORT

ANNUAL REPORT 2023 ABSTRACT

The highlight in 2023 was the Nordic ICDP conference in Oslo in the autumn. The theme of the conference was "Robust Relationships". Zemir Popovac and Line Marie Warholm were keynote speakers. The conference's theme was linked to ICDP's regulatory dialogue and matched the general discussions in society well. We reflected on how we, as parents and caregivers should relate to the fact that more children and youth struggle, and to that teachers describe working with children as more demanding. The conference also raised the topic of universal prevention and program implementation.

In 2023, the most important activities were;

- Nordic ICDP conference in Oslo 21-22. September.
- Active working groups with volunteers and/or partners;
 - The working group on ICDP for parents of children with disabilities. ICDP Norway is responsible for developing, promoting and ensuring quality in this version through a cooperation with three municipalities to revise and pilot this addition.
 - ICDP Norway's international committee gave input to ICDP International in order to contribute to the aligning of the international training structures.
 - ICDP in Elder Care - increased promotion after the publication of Line Constance Holmsens first PhD article.
- Active in the Haugerud community in Oslo through the local community ICDP project which is a collaboration between Alna town district, religious communities (mosque and church), Haugerud sports association and the volunteer center. We are awaiting funding. We have received funding from 2024.
- Have taken part in state budget hearings in three committees at the Storting. ICDP Norway has sent in a
 - couple of hearings/political meetings. We sent a cronicle to Aftenposten in July 2023.
 - Bufetat has had change of personnel and sick leaves during the year. This year we have collaborated on the political changes in the frame for the parental program for refugees. In addition the certification criteria have been finalized and the Nordic ICDP conference. We await processes related to the ICDP Youth version, digital parent groups and issues of translation.
 - We held webinars, seminars and digital forums and published newsletters.
 - Have presented ICDP and assessed plans to several Norwegian development organisations .
 - Still looking for funding for ICDP work in Ukraine and Iraq.

ICDP Norway continues to work for a more sustainable and differentiated economy. We continue taking on public training assignments, offer ICDP supervisor training and are seeking project funding.
